

Fore! Nyloboard Plays for a Good Cause!

Braselton, GA June, 2011 Chateau Elan played host the 21st Annual Greg Berry Atlanta Plastics Charity Golf Tournament. Select members of the composite materials community were invited to take part in this worthwhile charity. The mission of the charity is to raise funds to assist those within the industry. Funds raised by the foundation go to many beneficiaries, including scholarships, families faced with high medical bills, damage to homes due to storms, and other community oriented services, such as The American Red Cross, where ever there is a need. The charity has paid out over \$200,000 since its beginning. Nyloboard sponsored a featured hole on the championship golf course.

In addition to sponsoring a hole, Kevin Guthard, VP of Sales and Marketing, represented Nyloboard and teamed up with one of its top distributors, Piedmont Plastics, which was a 4 man team. There were a total of 108 golfers, who participated in the tournament. "This event was a lot of fun and allowed us to give back to the community and support a well deserving charity", said Guthard. The other events for the day included a luncheon, silent auction, drawings, presentation and an awards ceremony.

About Nyloboard:

Nyloboard is a manufacturer of composite products that contain no wood, PVC, or VOCs. Using an exclusive, patented manufacturing technology that utilizes 100 percent recycled, post-consumer carpet fibers and VOC-free bonding resin. One of Nyloboard 's key goals is to help stop the waste stream of carpet fiber that currently contributes billions of pounds of non-reclaimable waste to landfills each year and use it to create superior products. Nyloboard also takes pride in manufacturing green building products that are not only sustainable, but also impervious to moisture, rot, termites, mold and mildew. Nyloboard 's manufacturing facility is located in Covington, Georgia, just outside of Atlanta.
