About Nyloboard:

Nyloboard is a manufacturer of composite decking boards, exterior trim, soffit, fascia and sheathing. Nyloboard's products contain no wood, PVC or urea formaldehyde. Using an exclusive, patented manufacturing technology that uses only 100 percent recycled, post-consumer carpet fibers and non-VOC bonding resin. One of Nyloboard's key goals is to help stop the waste stream of carpet fiber that currently contributes billions of pounds of non-reclaimable waste to landfills each year. Nyloboard also takes pride in manufacturing green building products that are not only sustainable, but also impervious to moisture, rot, termites, mold and mildew. Nyloboard's manufacturing facility is located in Covington, Georgia, just outside of Atlanta.
